VOL CXXXI—79. ALEXANDRIA, VIRGINIA, FRIDAY, APRIL 2, 1915. PRICE, 2 CENTS

CELEBRATION OF MAUNDY THURSDAY

Randolph Chapter, Rose Croix, Gave Banquet Last Night

IMPRESSIVE SCENES

Large Assemblage in Young People's Building—Stereoptican Views Music and Speeches.

The observance of Maundy Thursday by Randolph Chapter, No. 3, Rose Croix, A. A. S. R., at the Young People's Building last night, while occuring at the close of the banquet season, was one of the most impressive and enjoyable of the present year. The elaborate program was carried out both in letter and spirit, and there was no hitch or eventuality to impair any feature. It was one of the pleasant Masonic occasions, unique from the fact that members of the craft brought their ladies with them, and the mingling of brethren and sisters, as was the case several years ago when former President Taft was a guest at a banquet given by the craft rendered the occasion doubly enjoyable.

Percy E. Clift, wise master of Randolph Chapter, presided and acted as toastmaster during the evening. He also made interesting remarks concerning the observance of Maundy Thursday and what it means to the craft.

The arrangements for the feast had been made by the ladies of Martha Washington Chapter, No. 42 Order Eastern Star, who served the company and saw that every member of the party was bountifully supplied with delicacies of the season prepared in an inviting manner and calculated to appeal to the gods as well as men.

Half past eight o'clock was the time fixed, and everything was ready. The guests were on time and having taken their places at the tables Rev. J. W. Duffey, pastor of the M. E. Church South, invoked a blessing upon the feast and the company. The discussion of the following menu followed:

Oyster Cocktail
Olives Celery
Wafers
Roast Lamb Old Virginia Ham
Reception Rolls.
Chicken Salad Cold Turkey
Salted Almonds
Red Rose Ice Cream, Pound Cake
Fruit
Mints Coffee
Cigars

After all had freely partaken of the blessings of the tables, the impressive ceremonies in connection with extinguishing the lights by the officers of the chapter took place. The lights in the room were subsequently turned off when recollection of the scenes through whch the religious world is passing at this time were brought vividly to the minds of the assemblage by the appearance upon the screen of the great Author of Salvation passing the six hours on a cross between two thieves.

After the lights were again turned on a toast to the memory of Albert Pike was drunk in silence. (Albert Pike at one time resided in Alexandria, and some in the company remembered the time when he was a familiar figure on our streets)

Edgar C. Snyder, 33 degree, subsequently responded to the toast, "The President of the United States." His remarks were appropriate and timely, and during their delivery he brought forth great applause when he called attention to the handiwork of the executive in guiding the country safely through the breakers of the present disturbed conditions of the world.

The next feature of the exercises was the singing of "America," in which the entire company participated with earnestness.

John F. Mayer was to have responded to the toast "The Supreme Council and the Sovereign Grand Commander." He, however, was unable to be present on account of indisposition, as was also Daniel C. Kennedy, 33d degree, and in their absence H. Noel Garner was called upon. His response was brief, but appropriate.

Miss Marguerite Field rendered a solo, which was much enjoyed after which William E. Andrews, 32 degree K. C. C. H. spoke to the following sentiment:

"To the Brethren of the Degree Whose Labors Here Below Have Ceased ,During the Present Masonic year, and to all regular Masons and Masonic Bodies of All Rites Over the Surface of the Earth, Honors and Laurels to the Worthy, Health to the Sick, Comfort to the Needy, and Succor to the Oppressed Everywhere." He was followed with close attention.

A quartette "Crossing the Bar", by Dr. H. G. Harryman and Messrs. Leblanc, Eastman, Alfriend and Doswell was rendered at the closing of the address.

Carter H. Keene, 32d degree, was the next speaker. His theme was "The Master Mason," which he handled in a masterly manner.

He was followed by Henry K. Field 14 degree, Grand Senior Warden. who spoke on "The Grand Lodge of Virginia," While brief, his address was pregnant with happy thoughts.

Robert S. Barrett, 32d degree, gave an interesting history of "Masonry in Alexandria," tracing the organization of lodges in this city back to colonial days.

After a violin solo admirable executed by Miss Caroline Kast, Chester A. Gwinn, Worshipful Master of Andrew Jackson Lodge, No. 120, responded to the toast. "The Ladies. The vein of pleasantry which was in evidence added much to the enjoyment of the evening.

The quartette having rendered another selection, Rev. Dr. John L. Allison, pastor of the Second Presbyterian Church, was called upon to respond to "Maundy Thursday. The doctor thrilled his hearers at times by his pointed references and quotations in connection with the day, as well as the claims of Christianity upon the world.

It was now about midnight, and after Rev. Edgar Carpenter rector of Grace Church had pronounced the benediction the company departed all highly pleased with the evening's entertainment.

The relighting ceremony will take place in the Masonic Temple next Sunday afternoon at 3 o'clock.

NEW PRIMARY LAW

Attorney General Pollard Gives Opinion Concerning Provisions

(Special Dispatch to the Gazette).

Richmond, April 2.—In an opinion today covering provisions of the new primary law Attorney General Pollard held that it is unlawful for a candidate to pay any person for circulating his petitions, and that it is unlawful for a candidate to hire automobiles to carry voters to the polls. The law requires candidates for county officers to have the names of fifty qualified voters to his petition. A knotty problem, which the laws fails to provide for, is caused by the fact that where there are many candidates in certain counties it will be impossible for any one candidate to get fifty signatures to his petition.

FLEES WITH $6,000,000.

Governor of Yucatan Makes Way to Habana in Schooner.

Habana, April 2.—Gen. Argumendo, the autonomist governor of Yucatan, Mexico, accompanied by nineteen comrades arrived here yesterday on the little schooner Isidore, after a trip of nine days from Port Cayo, which is 510 miles from Progreso.

The party brought $6,000,000 in gold, silver, and Mexican currency, most of it belonging to the treasury of the autonomist government. They fled from Merida on the approach of Gen. Alvardo, commanding the forces of Gen. Carranza.

HORRIBLE TALES OF A HOLY WAR

Numbers of Christians Are Massacred by Turkish Soldiers

BODIES MUTILATED

Eyes of Victims Gouged Out and Limbs Chopped off— General Slaughter in Urumiah Feared.

Tabriz, Persia, April 2—Hostilities between Russian and Turkish forces in Persia have been resumed. On March 25 the Russians defeated the Turks in a sanguinary battle at Atkutur, north of Dilman in Northwestern Persia.

The Turks lost 12,000 in killed, wounded and prisoners as well as many guns.

Preceding the reoccupation by the Russians of the Salmac Plains, in Azerbaijan province, northwest of Urumiah, hundreds of native Christians were rounded up by the Turks in the village of Haftdewan and massacred. Many of these were searched out from the homes of friendly Mohammedans who tried to hide them.

The Russians on entering the village found 720 bodies, mostly naked and mutilated. The recovery of bodies from wells, pools and ditches and their burial kept 300 men busy for three days.

The wailing of the women intensified the horror of the scene. Surviving widows who were able to identify the bodies of their husbands insisted upon digging graves and burying the bodies. Some of the victims had been shot. In other cases they were bound to ladders and their heads rotruding through were hacked off. Eyes were gouged out and limbs chopped off.

A general massacre of the 10,000 or 15,000 Christians remaining in Urumiah is expected, unless it should be averted by orders from Constantinople.

Verbal messages from Urumiah confirms earlier reports that more than 800 persons already have been killed in that neighborhood and that more than 2,000 have died of disease.

OWNER OF HENS GETS $3,500.

Twenty Blue Ribbon Fowls Are Appraised High.

New York, April 2.—A verdict of $2,500 against the United States Express Company for shooing twenty hens to Washington Market and an untimely death was brought in by a jury of one colored and eleven white men before Justice Davis, in the supreme court. The hens belonged to Frederick Harris, and were all prize winners.

Cooped together they were shipped in 1911 from Flemington, N. J., to New York. This was after ten of them had taken prizes at Madison Square Garden. The other ten, in two pens of five each, had taken first prizes at the Garden. These were white Orpingtons. All twenty got to this city, but were delivered to a market dealer, who wrung their necks.

Counsel for the bereaved owner produced in court all the ribbons and silver cups the hens had won. He also called experts, who said they were worth $3,000. The jury gave the full amount sued for and $597 interest besides.

NEWS OF THE DAY

The brewery employes' strike in Washington commenced this morning. More than 200 employes last night were paid off by the brewers and this morning they did not return to their work. The strikers stoutly maintain they will not return until there is included in the new contracts a provision for lay-offs instead of absolute dismissal of workers during slack periods. It is uncertain whether the four local breweries and the one at Rosslyn, Alexandria county, will be able to continue in operation much longer in the face of the strike. The brewers have secured a number of non-union firemen and engineers, and they may be able to obtain brewery drivers.

Diving into a well, Adam Warren, aged 60, a farmer on Murray Hill, near Warren, Pa., committed suicide after failing by placing the muzzle of a revolver against his forehead and pulling the trigger. The bullet inflicted only a slight wound. Werren then fired his home, after which he ran to his well and plunged in headfirst. Before his wife and other members of the family suceeded in getting him out he was dead.

Final preparations for war with Italy have been made by the Austrians at Pola, the Austrian naval base on the Adriatic. New forts have been built. The Austrian fleet has been brought to its highest mark of efficiency, re-enforced by a fleet of submarines. The whole district lying between Didnano, Fasna, and Dado has been converted into a strongly intrenched camp. Defensive works have been built to guard the railways and warehouses. The guns include famous long-range Austrian pieces, and even thegreat 42-centimeter howitzers from Germany. The city has been provisioned to withstand a year's siege.

During the last few days the Turks have begun to concentrate troops at Adrianople and place in the forts their guns sent from Bulair. This is interpreted in Sofia as a precautionary measure, in view of any future action by Bulgaria. The foregoing dispatch is the first direct message from Bulgaria hinting that that country might attack Turkey.

The American note to Germany over the destruction of the American sailing ship William P. Frye, has been dispatched to Berlin. Acting Secretary Lansing of the State Department said yesterday the note would be made public here as soon as it had had time to reach its destination. The representations of the United States concern only the vessel and do not discuss the question of cargo, which the State Department is satisfied was not American owned.

Reports have been received in Berlin of two new outbreaks in India. At Surat three British officials were killed. At Kurrachee two Mohammedan soldiers shot two British officers.

The fact that the past March was one of the driest in many years in this section of the country will have no effect upon April, it was stated at the Weather Bureau in Washington yesterday.

A tremendous increase in the activity of German submarine may be expected, it was stated at the German admiralty in Berlin yesterday. The officials asserted that their predictions as to the success of the submarine blockade of England had been fully realized." But the achievements thus far accomplished," it was stated, "may be looked upon merely as a prospect of a tremendous increase of activity to be expected in the near future in this branch of warfare."

Motormen and conductors on the various lines of the Wilkesbarre, Pa., Railroad Company in the Wyoming Valley struck yesterday. The men demand an increase of 4 cents an hour. The company is willing to grant 2.

Nearly 100 union painters and paperhangers employed in fifteen Rochester, N. Y., shops went on strike yesterday for an increase of 25 cents a day.

Four hundred strikebreakers were imported to Springfield, Mass., yesterday to try and break the trolley strike which is tying up all street car traffic.

FRANCIS JOSEPH IS NOW ALARMED

Austrian Ruler Said to Fear Disintegration of Empire

SAID TO WANT PEACE

Muscovites Threatening to Burts Through into Hungarian Plains—Country Alarmed.

London, April 2—With Russian armies threatening to burst through into the Hungarian plains, Austrian diplomats already have begun overtures looking to a separate peace with Russia according to reports now in circulation in Petrograd.

Swiss diplomats, Petrograd reports, have carried the Austrian queries to the Czar. They have been informed that Russia will not negotiate with Franz Joseph unless Austria at the same time concludes a peace with France and England, but that Russia is willing to halt her armies at the Carpathians and listen to peace proposals.

Petrograd correspondents of the London papers today asserted that there is good grounds for the belief that the report may be true. It was first printed in the Russky Slovoe, a Petrograd newspaper usually well informed.

In diplomatic circles here the report was not generally credited though it was admitted it possibly might be true.

By concluding a separate peace, Franz Josef, it was said, might save his empire from disintegration. At the same time a peace arrangement with the allies, it was pointed out, would remove definitely the prospects that Italy would attempt to shut Austria off from the Adriatic.

Rome, April, 2—President Wilson is continuing his efforts to bring about peace in Europe through mediation. It was learned from a reliable source that for a long time the American Ambassador, Thomas Page had been working hard to secure the Italian Government's support for President Wilson's plans.

New York, April 2—James J. Hill the railroad magnate, is in the city yesterday he expressed the belief that the European war would end by October 1 In speaking of the matter he said:

"The successes of one side of the other will not settle the fight, but physical, financial and industrial exhaustion of the belligerents will end the war by next autumn."

Petrograd, April 2—On the Carpathian front Austrian officers, who have been made prisoners, state that orders have been given to the men that they must die at their posts and on no account must they retreat from the positions they hold.

It is evident that matters are becoming desperate indeed. Rumors are current here that Austria has opened negotiations for a seperate peace, for which she is said to be willing to barter her territory.

It is alleged that Swiss channels have been chdsen for making the proposals and that Russia requested that they should be made in identical terms in London and Paris also, before she would consent to consider them. The idea of the allies concluding peace with Austria apart from Germany is favorably regarded in influential circles here.

Vienna, April 2.—The military authorities now have extended the confiscation of metals in Austria to include every variety except iron and steel. The ministry of national defense has issued a patriotic appeal to the people for all broken or unused metal pots, pans and miscellaneous utensils.

The school children of Vienna have been directed to begin tomorrow a house to house collection of these articles. The appeal frankly admits that the blockade established by England and France has prevented the importation of much needed war materials, thereby interfering seriously with the conduct of the campaign.

GIRL SACRIFICES HER LIFE.

Three Men Badly Hurt in Leap From Fourth Floor Windows of Burning Factory.

Newark, N. J., April 2.—In a $20,000 fire late yesterday afternoon in a four-story brick building at East Machanic street and New Jersey Railroad avenue, Lillian Feldman, 16 years old, was so badly burned that she died last night at St. James' Hospital. She was a stenographer in the employ of Kelly & Co., dealers in rags, strawboard and hair, and lived at No. 257 Broome street.

John Stoutenbach, maanger of the place; Charles Gordon, 25 years old, and Wardell Smith, 25 years old, jumped from fourth-story windows and landed on a roof of another building. They were in peril of death, but were dragged away by Charles Schomer and lowered by him and other men to the street.

Miss Meldma nwas seen at a window by Schomer and urged to jump, but she ran back to get her hat and wraps. When she again appeared her hair and clothing were on fire. She climbed through a window and hung to a ledge until two firemen and Rev. Michael Corcoran, fire department chaplain, went up ladders and handed her down to others. Until they reached her she hung like a torch, and her clothes were burned entirely off. The three men are in the City Hospital with serious injuries, and may die.

WOULD MAKE THE CAPITAL NEUTRAL

Attempts Being Made to Bring Hostilities in Mexico to a Close

ENDORSED BY THE U. S.

Villistas Issue Manifesto Claiming That Four-Fifths of Country are Ruled by Convention Forces.

Washington, April 2—Another attempt is being made to have Mexico City declared neutral territory by warring Mexican factions.

The original plan of creating a federal district police force, to replace the military guards and the securing of a pledge from all factions to stay away from the capital and its environs has been indorsed by the State Department.

Villa and Zapata are understood to have agreed to such a plan and Consul John R. Silliman now is endeavoring to secure Carranza's consent.

The chief obstacle is how supplies are to be sent into the city. The natural route is via Vera Cruz, but Carranza, who holds that port, is said to be fearful that the Villistas would take advantage of an open railroad to the capital to run in supplies intended for the fighting forces.

The plan, if finally put through, will solve the protection of the many foreigners in the Mexican capital.

Advice received from Torreon today by the Villista junta say that Villa already has arranged punative expeditions to head off sorties intended to cut the main railway line to the north and to Mexico City.

He has also started an expedition toward northern Sonora, where the Carranzistas are active, and is expected to leave there today to assume personal command of the operations against Matamoras.

The Villistas in a manifesto issued today, claim that the convention forces now dominate four fifths of Mexico.

The convention forces have named a new cabinet.

CAUGHT IN A BLIZZARD

Macon, Ga., April 2.—John D. Archbold, president of the Standard Oil Company, reached Macon about one o'clock Wednesday morning very much the worse for a motor ride of several hours in a storm of snow, sleet and rain.

Archbold, who has been at his winter home near Thomasville, started to motor to New York. The trip was pleasant enough until 9 o'clock Tuesday night when the oil magnate ran into the blizzard that was sweeping Georgia and other South Atlantic States. When the storm struck Archbold be was about forty miles from Macon. The snow, mixed with sleet and followed by torrential rain, soon made the roads extra hazardous for motor traveling at night, and Archbold called a halt For two hours the magnate sat in the car, target for the storm. About 11 o'clock the storm subsided and the trip was resumed. Macon being reached about 1 o'clock.

Archbold was suffering greatly from cold when he reached here, and he was plastered with icy mud. He did not resume his trip to New York in an automobile.

Reports of the killing of two Americans by Carranza soldiers reached El Paso, Texas, yesterday. The execution of two Syrians by Villa officials also was reported.

INTERFERED WITH ORGAN

Eels Two Feet Long Invade Water Pipes at St. Paul's Church And Perplex Performer.

Tuesday evening at St. Paul's Church in the rendition of "Olivet to Calvary" the organist was considerably handicapped by the fact that at times when he desired to use the full organ it was impossible for him to do so, account of the bellows failing to fill the air chamber. On investigation the next day the trouble was discovered to have been caused by an eel over two feet long clogging up the water pipe supplying the motor. The following evening (Wednesday), the chior assembled for rehersal, but not a sound could be gotton from the organ, and the male members of the choir had to "tote" in the Sunday School organ in order to have rehearsal.

When rehearsal was about over the motor was again started but not till another lively two foot visitor had been taken from the supply pipe.

SINGING HYMN BETRAYS HIM.

Woman Passing Church Recognizes Voice of Runaway Spouse.

Ocean City, N. J., April 2.—The melody of a hymn which he was rehearsing proved the undoing of Harry C. Ross and ended a year's search by his wife, Mrs. Mary B. Ross, of Woodbury.

Mrs. Ross, who has been hunting for her husband for the past year, recognized her husband's voice as she was passing a church here today. She swore out a warrant before Justice of the Peace Rush, and the elusive spouse was held under $500 bail for a hearing tomorrow.

The wife swears that Ross, who is prominent in church affairs, deserted her more than a year ago and is now living at a hotel here with a woman unknown to her registered as Mr. and Mrs. H. C. Ross.

JEWELERS HELD UP IN SHOP.

Philadelphia, April 2.—Two robbers yesterday entered the manufacturing jewelry establishment of W. Bershtein, in the centre of the city, covered the proprietor and his brother, with revolvers and took more than $3,000 worth of jewelry. They escaped in an automobile.

When the robbers entered the place the brothers were examining jewelry.

"Don't move," said the intruders "or you will get shot."

All the jewelry in sight was stuffed into the pockets of the robbers.

WILL RUN THE ANGLER

Steamer Will Ply Between Washington, Alexandria And Points on Upper Potomac.

A new steambout line to operate on the upper route of the Potomac river will be inaugurated on April 15th, according to announcement made today. The company which will enter the field will be known as the People's Line, and a charter will be applied for within the next few days. The capital has been subscribed in Alexandria and Washington and the legal office of the new company will be in this city.

The company has purchased the steamer "Angler" from Samuel Bensinger, of Washington, and the boat is now being overhauled and prepared for its inital trip in the new service.

The route of the line will be from Washington to Mattawoman Creek, making the following stops: Alexandria, Fort Washington, Fort Hunt, Bryant's Point, Marshall Hall, Glymount, Grinder's and Winthrop Round trips will be made every day in the week with the exception of Monday.

Leaves on the wharves have been secured and the company will start with a large business, as a number of important contracts have already been made. The terminus in Washington will be the wharf at the foot of N street southwest, south of the excursion wharf used by the steamer "St. Johns." At Alexandria the "Angler" will land at Roberts' wharf at the foot of King street.

In charge of the steamer will be Captain William L. Davis, a well-known river man. For the last five years he has been connected with the Potomac and Chesapeake Steamboat Co. Previous to that time he served six years as captain of the Potomac Transportation Co. and at one time he was captain in the employ of the Norfolk and Washington Steamboat Co. Associated with him as chief mate will be Captain A. W. Kelly, for a number of years connected with the Potomac and Chesapeake Steamboat Co. C. J. Tennesson, a well known engineer for many years employed as chief enginer of the Potomac and Chesapeake Steamboat Co., will be the chief engineer of the line.

The fire is believed to have been of incendiary origin. There was no insurance.

ITALIAN DEATH SIGN.

Anarchist's Arrest Causes Excitement at New York Courthouse.

New York, April 2.—Giuseppe Aita, an anarchist, was arrested yesterday in the corridor of the county courthouse for threatening the life of Policeman Amedeo Polignano, who, by joining an anarchist group, caused the arrest of Frank Abarno and Carmine Carbone, charged with placing a bomb in St. Patrick's Cathedral. Polignano made the arrest in person.

On Wednesday anarchists hooted Polignano, and spat at him as he was entering the courtroom. Yesterday as he was passing a group outside the courtroom door, Aita, Polignano swears, raised his right hand to his lips and bit the knuckle of his first finger. This is the Italian death sign. It is equivalent to a threat of murder.

Polignano seized Aita. The anarchists arose and protested volubly, but made no effort to assist their comrade. Aita, protesting and cursing, was dragged down to the Center Street police court by Polignano, Capt. Tunney and several detectives. There he was locked up.

Aita began to cry when he found himself in a cell.

BERLIN HONORS BISMARCK.

Officials of Empire Place Wreaths on "Iron Chancellor's" Grave on Birthday.

Berlin, April 2.—Patriotic demonstrations were held yesterday through out Germany in memory of Bismarck, "The Iron Chancellor," whose birthday this is. Remembrance of the military achievements of Bismarck, at a time when Germany is plunged in war, gave to the ceremonies an impressiveness they have not hitherto had.

A wreath was placed upon the "Iron Chancellor's" tomb in the name of the army and navy by the ministers of war and marine, expressing thereby "the inextinguishable thanks for the immortal merits of the great chancellor." In the conclusion of his letter ordering the placing of the wreath, Emperor William said:

"I am firmly confident that the Almighty, against all enemies threatening the Fatherland, will continue to protect the lives of the servants of and the aims of the great Kaiser (William D.")

Pictures of Bismarck, drapped with crepe, were seen everywhere.

TWO SHIPS SUNK.

A French And an English Steamer Torpedoed And a Number of Lives Lost.

New Haven, England, April 2.—The British steamer Seven Seas, of 632 tons, was torpedoed by a German submarine off Beachy Head yesterday afternoon. The attack was without warning, and 11 of her crew of 18, including all the officers except the second engineer, were drowned. The steamer was bound from London for Liverpool.

Such was the force of the explosion that the hatches were blown off and a big hole was torn in the steamer's side, causing her to sink within three minutes.

The survivors, three of whom were injured, were landed here this evening by a destroyer.

OBSERVANCE OF MAUNDY THURSDAY.

The scenes in the Young People's Building last night in connection with the observance of Maundy Thursday by Randolph Chapter, No. 3, Rose Croix, A. A. S. R., will long be remembered by the many who were present, male and female. All creeds were represented in the gathering and all entered heartily into the observance of the night on which the Author of the Christian religion sat at the last supper with his disciples while the shadow of the cross was drawing nearer and nearer. The pictures displayed at times upon the screen, portraying the last scenes in a ministry of less than three years, cast all into serious reveries. As stated, virtually all denominations were represented in the company, some who see in Jesus of Nazareth a fulfillment of what had been plainly set forth by the seers who flourished centuries before the scenes in Bethlehem, while others in the assemblage "look for another."

Times change and men change with them is an old observation, and while some persons centuries ago refused to investigate the claims of the Nazarene, it is not so now, and Jews and Gentiles meet at the same Masonic board in the best of fellowship. Several years ago an intelligent Israelite wrote a book which circulated extensively among Jews in Alexandria and eleswnere. It was entitled "Jesus the Jew." It was an admirable production and was read by others save those for whom it was intended. While upholding the monotheism of the ancient faith, it contained some beautiful thoughts, among which was this: "Christianity, the noble daughter of Judaism." The spirit of this was apparent last night.

All the speakers were at their best and they handled the themes assigned them in a happy manner. The broad principles of Masonry were explained and the part they played in animating our forefathers to strike for liberty was set forth in a convincing manner.

It is not often that members of the craft are accompanied by wives, daughters and sweethearts at Masonic gatherings. Years ago Old Dominion Commandery, Knights Templars, gave a banquet at which the fair sex mingled. They were assigned seats in the northern end of the room (the dark side,) But some moved about until they found themselves seated under the Junior Warden's canopy. If they supposed themselves expert Master Masons, no one had the temerity to dispel the notion. It was not so last night; they were equally welcome in seats at every point of the compass.

We find ourselves in the position of Alexander the Great when he was in touch with the Gymnosophists of old, and we shall repeat his answer —"All acted well his or her part".

ANNIVERSARY OF BISMARCK'S BIRTH.

Yesterday was the one-hundredth anniversary of the birthday of Karl Otto Eduard Leopold von Bismarck, the first Chancellor of the German Empire. The occasion was celebrated with the utmost enthusiasm in the German capital. Dr. von Bethmann-Hollweg, the Imperial Chancellor, who [illegible] the celebration in the Re[illegible]:

2 DROPS OF "GET-IT" OUT COMES THE CORN!

It's the World's Wonder; Never Fails

You'll make goo-goo eyes at your feet, after you use "GET-IT," and you'll find the places where those blankety corns used to be, just as smooth as your cheek.

"How Wide Is a 'GETS-IT' Smile? Well, a Good Deal Over 2 Feet!"

There's no corn or callus among the millions of feet in the world that "GETS-IT" will not remove—there's no escape. GETS-IT is the new way, the simple, common-sense sure way. It does away with greasy ointments, salves, pads, cotton rings, harnesses, knives, scissors, razors, files, and the limping and the painful pigeon-toe walk of so many corn-pestered people. All you do is put 2 drops of GETS-IT on, the corn shrivels up, and good bye. Nothing else in the world like "GETS-IT." Millions are using it. There's no pain, no trouble, no changing shoes because of corns.

"GETS-IT" is sold by druggists everywhere, 25c a bottle or sent direct by E. Lawrence and Co., Chicago.

What to Drink

Many coffee lovers now confine coffee indulgence to the breakfast.

They make beer their table beverage at the other meals because it promotes health and is an aid to digestion. Besides there is a satisfaction to be derived from a glass of good beer that you scarcely can obtain from any other beverage.

While most all beers are pure and healthful, for full body taste and delicious flavor there is none to equal

Lime-Loss in Tuberculosis

In the Journal of the American Medical Association (January 17, 1914) was the following:

"It has been many times stated that in tuberculosis or in the pre-tuberculosis stage an increased amount of calcium (lime) is lost, both in the urine and feces. In fact, a demineralization has been thought to be a forerunner of the development of tuberculosis * * *

"Forced feeding of tuberculosis patients and the enormous amount of eggs and milk once given such patients are not now considered advisable by a large number of physicians who are specializing in the treatment of pulmonary tuberculosis."

If tuberculosis is due to a loss of lime from the system, the success of Eckman's Alterative in the treatment of this disease may be due, in part, to the fact that it contains a lime salt so combined with other valuable ingredients as to be easily assimilated.

Always we have urged users of Eckman's Alterative to attend strictly to matters of food.

In addition to rest and proper diet, some effective remedial agent seems to be needed, and in numerous cases of apparent recovery from tuberculosis and kindred throat and bronchial affections Eckman's Alterative has supplied this need.

It does not contain opiates, narcotics or habit-forming drugs, so it is safe to try. Your druggist has it or will order it, or you can get it from us direct.

PREPARES TO TAKE ON STORES.

Prinz Eitel is Coaled And Apparently Ready for Voyage.

Newport News, Va., April 2—The German merchant raider, Prinz Eitel Friedrich, after three weeks' sojourn at this port, by permission of the United States government last night had loaded 1,600 tons of coal, enough to steam her to the nearest German port, and was preparing to take on stores next Sunday. Commander Thierichens, of the cruiser had told friends he was much relieved because his ship had been coaled. He would not discuss his plans.

Throughout the day government officials here were in constant communication with the Treasury and Navy departments at Washington, and Collector of Customs Hamilton had a conference with Commander Thierichens on board the German ship.

Later the collector went aboard the battleship Alabama in Hampton Roads and discussed development with Rear Admiral Helm, commander of the reserve Atlantic fleet. But nothing concerning this conference has been learned.

The Eitel's crew finished coaling the ship just at dark. Throughout the day and last night the waters of the James River were patrolled by American sailors in a launch from the Alabama, while coast artillery men kept guard at the Eitel's pier No one without authority was permitted to approach the ship. The same guard will be maintained until the Eitel's disposition is settled either through internment or a break for liberty through the lane of enemy warships off the Virginia capes.

Mr. Daniel's, Secretary of the Navy said yesterday that he had approved a list of provisions and had agreed to the amount of coal to be loaded on board the German converted cruiser Prinz Eitel Friedrich. Mr. Daniels understands that the provisions and coal are being taken on board the Eitel under the supervision of American naval and customs authorities at Newport News.

The amount of coal and provisions allowed the Eitel is limited to the quantities which the Navy Department considered necessary for her to make a run to the nearest German port. The Eitel's commander submitted a list setting forth his requirements. This list was considered by the Navy Department and was pruned to fit the neutrality obligations of the United States.

Washington, April 2.—Whatever may be the fate awaiting the Prinz Eitel Friederich should her commander actually attempt a dash for the open sea from Hampton Roads, her crew of Germans will not face the possibility of a beerless voyage. For this dispensation they have to thank none other than Secretary of the Navy Daniels, originator of prohibition in the United States Navy. It happened in this wise:

Commander Thierichens, of the German converted cruiser, having indicated a determination to brave the ships of the Allies lying outside the Virginia Capes, presented to the United States naavl authorities in proper form the list of supplies he needed. The special board of officers which Secretary Daniels appointed to see that the German vessel does not violate the neutrality laws of this country went over the list, cutting down the quantity asked for under each item until it came to the item of beer. There were very, very many bottles asked for, but after putting their heads together the members of the board decided that this was one item which need not be cut.

"And," said Secretary Daniels, who told the story this afternoon, "much as I believe the American Navy is better off without alcoholic beverages on shipboard, I did not have the heart to disapprove the decision of the board. On the contrary, I gave it my O. K."

Mr. Daniels declined to make public the number of bottles asked for.

WIFE AND BOARDER GONE.

Virginia Farmer Believes They Have Eloped.

Charlottesville, Va., April 2.—Mrs. Elizabeth Wood, wife of Mr. Sylvester B. Wood, a young farmer, residing near Rio, this county, has disappeared from her home, and the husband believes that she has eloped with Mr. George Pendarver, a boarder in the Wood home for several weeks past.

Mrs. Wood came to this city on the noon train Tuesday, bringing with her about $70 of her husband's money with which to pay certain bills the family had incurred. That was the last seen of her by her husband. Failing to return home on the afternoon train, Mr. Wood's suspicions became aroused and he came to Charlottesville to look for his wife making the trip afoot. He reported the fact of his wife's disappearance to the local police, but a thorough search of the local hotels and boarding houses failed to locate her.

Pendarver left the Wood farm on Tuesday morning taking with him, as was found out yesterday, two dress suit cases containing clothing belonging to Mrs. Wood. The distance, three miles, he made afoot. As he left Rio two hours in advance, of Mrs. Wood, the belief is that he joined her upon her arrival here and perfected plans for their departure. A couple answering the description given by Mr. Wood boarded a fast westbound train early in the afternoon.

Mr. Wood, who is a native of Earleyville, this county, was married about 12 years ago, his bride being Miss Elizabeth Holladay, of Catletts, Fauquier county, Va. The couple have three children, the youngest being about 10 months old.

Pendarver became a boarder in the Wood home about five weeks ago, paying two months' obard in advance. He was formerly in the government service and received a pension of $24 a month, payable quarterly. He is apparently betwen 25 and 30 years of age.

The three children of the Wood household are being cared for for the present by Mrs. C. W. Fowell, of Proffit, this county, a sister of the woman who eloped.

WALTER L. WILSON DEAD.

Son of President Cleveland's Postmaster-General.

Norfolk, Va., April 2.—Walter L. Wilson, 45 years old, son of W. L. Wilson, Postmaster-General under President Cleveland, died in a hospital here Tuesday. He lived in Washington.

Mr. Wilson was paymaster in the United States Navy and was with Dewey at the battle of Manila A widow survives.

Four thousand journeymen painters, decorators, and paperhangers of Chicago, yesterday went on strike. The employers wanted a clause inserted in the contract with the union, providing for compulsory arbitration of all disputes. The union refused.

Ruddy Cheeks—Sparkling Eyes —Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women, as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition.

There's an old proverb:

"Halving your wants quadruples your wealth"

Over almost everything except our virtues, there might be written this condemnation: "Too much." "As late as the Eighteenth Century the general lot was crude and mean. Your rich grandfather suffered discomforts compared with which your surroundings are luxurious." —Herbert Kaufman
